1 Policies and Pro	ocedures						·		
1.1 Awareness of and adherence to	Medium	1	Health and Safety Policy has been updated in light of the COVID-19 advice		H&S policy contains addendum referencing COVID-19. To be reviewed 30 Sept 2021	PT		Low	
policies and procedures		2	All staff, pupils and volunteers are aware of all relevant policies and procedures including, but not limited to, the following: - Health and Safety Policy - Infection Control Policy - First Aid Policy	Yes	All policies available on website www.fullbrook.surrey.sch.uk	КЈМ, СВТ	Sep-21		
		3	All staff have regard to all relevant guidance and legislation including, but not limited to, the following: - The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013 - The Health Protection (Notification) Regulations 2010 - Public Health England (PHE) (2017) 'Health protection in schools and other childcare facilities' - DfE and PHE (2020) 'COVID-19: guidance for educational settings'	Yes	Staff to be reminded of guidance on INSET days. 1 and 2/9/21 and at regular staff meetings as appropriate.	ALL	Ongoing		
		4 5	The relevant staff receive any necessary training that helps minimise the spread of infection, e.g. infection control training. The school keeps up-to-date with advice issued by, but not limited to,	Yes Yes	Updates as required	ALL	Ongoing		
		6	the following: DfE; NHS; Department of Health and Social Care; PHE Staff are made aware of the school's infection control procedures in	Yes	Staff to be reminded of guidance on INSET days.				
		7	relation to coronavirus. Parents are made aware of the school's infection control procedures in relation to coronavirus via letter and social media – they are informed that they must not send their child to school if they have coronavirus (COVID-19) symptoms, or have tested positive in the last 10 days, the parents/carers should call the school to inform the school of this and that they will be following the national Stay at Home guidance.	N/A	1 and 2/9/21 and at regular staff meetings as End of Term and start of term newsletters outline relelvant information and flag website for further information	KJM			
			8	Pupils are made aware of the school's infection control procedures in relation to coronavirus and are informed that they must tell a member of staff if they begin to feel unwell.	Yes	HOL start of year assembly reminders. HOL weekly studnt briefings as required.	HOLs	Ongoing	
		9	Staff and pupils are made aware of the process for removing face coverings when pupils and staff who use them arrive at school, and this is communicated clearly to parents and staff.	Yes	HOL start of year assembly reminders. HOL weekly studnt briefings as required.	HOLs	w/b 7/9/21		
		10	The Staff and Volunteer Confidentiality Policy and Pupil Confidentiality Policy are followed at all times – this includes withholding the names of staff, volunteers and pupils with either confirmed or suspected cases of coronavirus.	Yes					
2 Prevention - Ge	neral								
2.1 Minimise contact with individuals who are unwell with COVID-19 symptoms	Medium	1	If a pupil or staff member develops COVID-19 symptoms or has a positive test they will follow public health advice on when to self-isolate and what to do. They should not come into school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19 (for example, they are required to quarantine).	Yes	Information issue to paretns End of term newsletter and updated September newsletter. On site testing taking place 3/9/21 and 6/9/21 for wholel student population.			Low	

								_
		2	If anyone in the school develops COVID-19 symptoms, however mild, they will be sent home and they should follow public health advice.	Yes	Reception staff trained in assessing symptoms and decision making regarding sending home. All staff alert to potential symptoms.	Reception team. ALL		
			For everyone with symptoms, they should avoid using public transport and, wherever possible, be collected by a member of their family or household.	Yes				
			If a pupil is awaiting collection, they should be left in a room on their own if possible and safe to do so. A window should be opened for fresh air ventilation if possible. Appropriate PPE should also be used if close contact is necessary, further information on this can be found in the use of PPE in education, childcare and children's social care settings guidance. Any rooms they use should be cleaned after they have left.	Yes	COVID medical room for those with COVID symptoms ONLY. Cleaning protocol on place for room following dismissal of student.	Reception, site team.	Ongoing	
		5	The household (including any siblings) should follow the PHE stay at home guidance for households with possible or confirmed coronavirus (COVID-19) infection	Yes	Updated letter on advice for paretns tp be reissued by 30/9/21	DS, KJM	30/09/2021	
		6	If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they are sent home and advised to follow 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection'.	Yes		Rception, HOL, DS, pastoral support team.	Ongoing	
		7	Everyone will wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell. The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people. See the COVID-19: cleaning of non-healthcare settings guidance.	Yes		ALL	Ongoing	
		8	PPE will be worn by staff caring for the child while they await collection (such as for a very young child or a child with complex needs). More information on PPE use can be found in the safe working in education, childcare and children's social care settings, including the use of personal protective equipment (PPE) guidance.	Yes		Reception, All	Ongoing	
		9	In an emergency, call 999 if someone is seriously ill or injured or their life is at risk. Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital.	Yes		reception, ALL	Ongoing	
			Any members of staff who have helped someone with symptoms and any pupils who have been in close contact with them do not need to go home to self-isolate unless they develop symptoms themselves (in which case, they should arrange a test) or they have been requested to do so by NHS Test & Trace.	Yes		ALL	Ongoing	
		11	The Infection Control Policy and Cleaning in non-healthcare settings guidance to be followed to clean the area.	Yes		site team	ongoing	
			Any medication given to ease the unwell individual's symptoms, e.g. paracetamol, is administered in accordance with the Administering Medications Policy	Yes	See medical policy			
			Spillages of bodily fluids, e.g. respiratory and nasal discharges, are cleaned up immediately in line with the Infection Control Policy and Cleaning in non-healthcare settings guidance.	Yes				
2.2 Where recommended use of face covering	Medium		Face coverings to be worn in communal areas from Monday 29/11/21 in line with government guidance issues 26/11/21	Yes	All staff and students advised of the need to wear face coverings in communal areas from Monday 29/11/21 in an email on 26/11/21.	KJM	29/11/21 onwards	Low
or race covering		2	Pupils aged 11 and over should wear a face covering when travelling on dedicated transport to secondary school or college.	Yes	Students to be advised to remove face coverings safely on leaving public transport.	Tutors	7/9/21- 14/9/21	

20.4 Turnamentalities Income in control of outbook		1
2.2.1 Temporary additional measures in event of outbreak		
3 Face coverings will temporarily be re-introduced in communal areas and classrooms for pupils (aged 11 and over), staff and visitors, unless		
exempt.		
4 Transparent face coverings, which may assist communication with N/A for now		
someone who relies on lip reading, clear sound or facial expression to		
communicate, can also be worn.		4
5 Face visors or shields can be worn by those exempt from wearing a Yes For staff only. Exempt stduetns will display lapel		
face covering but they are not an equivalent alternative in terms of source control of virus transmission. They should only be used after		
carrying out a risk assessment for the specific situation and should		
always be cleaned appropriately.		
6 In the event of an outbreak, Contingency framework: education and Yes		1
childcare settings - GOV.UK (www.gov.uk) will be referred to in		
reimplementing the use of face coverings.		
2.3 Clean hands Medium 1 Pupils clean their hands regularly, including: Yes Sanitiser in each classroom, at entrance to each Tutors	07/09/2021	Low
thoroughly more - when they arrive at the school - building, in canteen entrance and servery area.	20/11/21	
Stduetns encouraged to carry own hand sanitiser.	onwards	
Advice reiterated in tutor time Monday 29/11/21	ļ	
- when they change rooms	ļ	
- before and after eating		
2 Pupils and staff will need to wash their hands and incorporate time for N/A	ļ	
this in timetables or lesson plans.		4
3 Staff working with pupils who spit uncontrollably may want more N/A Currently no students at Fullbrook in this opportunities to wash their hands than other staff.		
4 Pupils who use saliva as a sensory stimulant or who struggle with Yes	-	•
'catch it, bin it, kill it' may also need more opportunities to wash their	ļ	
hands.		
5 Continue to help pupils with complex needs to clean their hands N/A Currently no students at Fullbrook in this		
properly. category. 6 Frequent and thorough hand cleaning should now be regular practice. Yes		
7 Ensure there is enough hand washing or hand sanitiser stations Yes Sufficient stock in place. Re checked fri 26/11/21 site tea	n Ongoing	
available so that all pupils and staff can clean their hands regularly	ŀ	
8 Supervise hand sanitiser use given the risks around ingestion – skin Yes		
friendly skin cleaning wipes can be used as an alternative		_
9 Building these routines into school culture, supported by behaviour Yes All	ļ	
expectations and helping ensure younger pupils and those with	ļ	
complex needs understand the need to follow them 2.4 Good Medium 1 'Catch it, bin it, kill it' approach continues to be very important, suitable Yes Bins in every classroom. Tissues available as		Low

			achieved through keeping groups separate (in 'Bubbles'). The school will consider:					
			- The layout of the school site;					
			The feasibility of keeping distinct groups separate while offering a broad curriculum					
			More information on groups can be found in COVID-19: Guidance for full opening					
		20	All teachers and other staff can operate across different classes and year groups in order to facilitate the delivery of the school timetable. This will be particularly important for secondary schools.	N/A for now				
		21	Supply teachers, peripatetic teachers and/or other temporary staff can move between schools.	N/A for now				-
		22	Large gatherings such as assemblies are avoided, and groups kept apart.	N/A				
		23	The timetable is revised to implement where possible:	N/A for now				-
			 Plan for lessons or activities which keep groups apart and movement around the school site to a minimum; 					
			 Maximise the number of lessons or classroom activities which could take place outdoors; 					
			- Staggered assembly groups;					
			- Break times (including lunch) are staggered so that all pupils are not moving around the school at the same time.					
		24	Pupils use the same classroom or defined area of a setting throughout the day, with a thorough cleaning of the rooms at the end of the day,	N/A for now				
		25	Mixing within education or childcare setting is minimised by:	N/A for now				
			 accessing rooms directly from outside where possible; considering one-way circulation, or place a divider down the middle 					
			of the corridor to keep groups apart as they move through the setting where spaces are accessed by corridors;					
			- staggering lunch breaks and pupils clean their hands beforehand					
			and enter in the groups they are already in or pupils are brought their lunch in their classrooms;					
			- The number of pupils using the toilet at any one time is limited.					
		26	The use of shared space such as halls is limited and there is cleaning between use by different groups.	N/A for now				
2.7 Keep occupied spaces well ventilated	Medium	1	Good ventilation reduces the concentration of the virus in the air, which reduces the risk from airborne transmission. When the school is in operation, it is important to ensure it is well ventilated and a comfortable teaching environment is maintained. These can be achieved by a variety of measures including:	Yes	Windows open, coats on as necessary. DfE guidance to be followed on use of carbon mnoxide detectors where rooms are cold and having windows closed is preferable. Additional advice issued to staff following government	СМ	1/9/21- 18/12/21 29/11/21 onwards.	Medium
			- mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible and checked to confirm that normal operation meets current guidance and that only fresh outside air is circulated. If possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply		guidelines after the Omnicron variant on 29/11/21- staff reminded to have 1 window open during lessons and, in addition, to open windows and door between lessons before next calss arrives.

l con contact in the passes.
4 18-year-olds will be treated in the same way as children until 6 months Yes
after their 18th birthday, to allow them the opportunity to get fully
vaccinated. At which point, they will be subject to the same rules as
adults and so if they choose not to get vaccinated, they will need to self-
isolate if identified as a close contact.
5 A small number of home testing kits available to be given directly to Yes reception,
parents/carers collecting a child who has developed symptoms at
school or staff who have developed symptoms at schools, where
providing a test will increase the likelihood of them getting tested.

4.2 Managing confirmed COVID-19 cases	Medium	2	If a pupil or staff member develops COVID-19 symptoms or has a positive test they will follow public health advice on when to self-isolate and what to do. They should not come into school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19 (for example, they are required to quarantine). If anyone in the school develops COVID-19 symptoms, however mild, they will be sent home and they should follow public health advice. If a pupil in a boarding school shows symptoms, they should usually self-isolate in their residential setting so that their usual support can	Yes	From 14/12/21 all close contacts of someone testing positive with and COVID-19 variant must carry out daily testing for 7 days and can attend if the LFS test result is negative.			Medium
		4 5	continue, others may then benefit from self-isolating in their family home. For everyone with symptoms, they should avoid using public transport and, wherever possible, be collected by a member of their family or household If a pupil is awaiting collection, they should be left in a room on their	Yes		Reception,		
		6	own if possible and safe to do so. A window should be opened for fresh air ventilation if possible. Appropriate PPE should also be used if close contact is necessary, further information on this can be found in the use of PPE in education, childcare and children's social care settings guidance. Any rooms they use should be cleaned after they have left The household (including any siblings) should follow the PHE stay at	Yes	From 29/11/21 all close contacts of someone	Site team		
		7	home guidance for households with possible or confirmed coronavirus (COVID-19) infection. Flowchart school response to suspected or confirmed COVID-19 cases to be followed for suspected or confirmed cases.		testing positive with the OMICRON variant must self isolate for 10 days. Inform Trust Central Team of confirmed cases	DS	Ongoing	
		8	In the majority of cases, schools and parents will be in agreement that a child with symptoms should not attend school, given the potential risk to others. In the event that a parent or guardian insists on a child attending school, schools can take the decision to refuse the child if in their reasonable judgement it is necessary to protect their pupils and staff from possible infection with coronavirus (COVID-19). Any such decision would need to be carefully considered in light of all the circumstances and the current public health advice.	Yes				
4.3 Contain any outbreaks	Medium	2	If the school has several confirmed cases within 14 days, this may signify an outbreak. The school will call the dedicated advice service who will escalate the issue to the local health protection team where necessary and advise if any additional action is required, such as implementing elements of the school's outbreak management plan. The school will call the DfE helpline on 0800 046 8687 and select option 1 for advice on the action to take in response to a positive case.	Yes	Following same procedures as last term, outbreaks will be managed appropriately in line with contingency plans. Staff to be advised of contingency plans and additional measures that may become necessary to amage an outbreak.			Medium
		3	The contingency framework describes the principles of managing local outbreaks of COVID-19 in education and childcare settings. Local authorities, directors of public health (DsPH) and PHE health protection teams (HPTs) can recommend measures described in the contingency framework in individual education and childcare settings — or a small cluster of settings — as part of their outbreak management responsibilities.
