

Business Department: Curriculum Overview 2023-24

Curriculum Intent:

In Social Sciences, our aims are for all students

- To develop an understanding of the complexities of the society that we live in with a particular focus on understanding why and how we act and the consequences of this.
- To show tolerance and respect for others.
- To provide qualifications and skills that will prepare students for life after Fullbrook and equip them with knowledge that they will use for the rest of their life.

Business

- Students at Fullbrook study Business to improve their commercial awareness, enhance their strategic thinking and develop a greater understanding of the global business environment and how to influence it.
- This means:
- They will have a strong understanding of the internal management of an organisation along with an appreciation of external influences affecting decision-making.
- They will be able to develop knowledge and skills needed to understand how to analyse data, think critically about issues and make informed decisions.
- They will be confident in using both quantitative and qualitative skills and appreciate that, when evaluating using both can improve the robustness of a judgement.
- They will be well read and independent in their learning.
- Students will be able to articulate their thoughts, debate and discuss key issues facing the modern day business environment.
