Deadlines

- NEA/coursework deadlines will be different for each subject
- Your subject teacher will inform you of the deadlines for your NEA/coursework
- Subject teachers will also share the NEA/coursework (JCQ) rules with you and any subject specific information

Malpractice

- Not just exams – malpractice can also occur in NEA/coursework
- In simplest terms ‘malpractice’ is a failure to follow the rules of an examination or assessment (including during production of NEA/coursework)
- All rules contained in the JCQ Information for Candidates documents must be adhered to
- Any breach of rules may constitute malpractice, which Fullbrook must report directly to the exam board
- Where exam boards find that malpractice has occurred they may impose one or more sanction(s) upon candidates

Possible Penalties for malpractice

- Formal warning from the exam board
(delivered by the Centre to the candidate)
- Loss of marks:
 - on a section/sections of an exam paper/component
 - for a whole component/paper/unit
- Disqualification from:
 - a unit/paper
 - whole qualification
 - from the exam series and all qualification within that series
- Candidate debarment from entering one or more qualification for a set period of time

Use of AI in Assessments

- Misuse of AI tools for exams/assessments (including NEA) constitutes malpractice
- Candidates **MUST** submit work for assessments which is their own independent work
- **NO** work should be copied, or paraphrased
- When using material that is not your own, it must be clearly identified and referenced

Examples of AI misuse include, but are not limited to...

- Copying or paraphrasing sections of AI-generated content so that the work is no longer the candidate's own
- Copying or paraphrasing whole responses of AI-generated content
- Using AI to complete parts of the assessment so that the work does not reflect the candidate's own work, analysis, evaluation or calculations
- Failing to acknowledge use of AI tools when they have been used as a source of information
- Incomplete or poor acknowledgement of AI tools
- Submitting work with intentionally incomplete or misleading references or bibliographies.

AI misuse constitutes malpractice

Referencing AI use

Where AI tools have been used as a source of information;

- a student's acknowledgement must show the name of the AI source used and should show the date the content was generated.

For example: ChatGPT 3.5 (<https://openai.com/blog/chatgpt/>), 25/01/2023

- the student must, retain a copy of the question(s) and computer-generated content for reference and authentication purposes, in a non-editable format (such as a screenshot) and provide a brief explanation of how it has been used.
- this must be submitted with the work so the teacher/assessor is able to review the work, the AI-generated content and how it has been used. Where this is not submitted, and the teacher/assessor suspects that the student has used AI tools, this constitutes malpractice

NEA marks

and

Reviews of centre-assessed marks

Informing students of NEA marks

- The JCQ requires that all centres inform students of their centre assessed marks, and,
- Allow candidates to request a review of the centre's marking **BEFORE** marks are submitted to the exam board
- If you believe there has been an error in marking this is the only opportunity for an individual review of marking for NEA/coursework

How are NEA marks issued?

- You will receive your NEA marks by email
(sent to your student school email address from Fullbrook Exams Office)
- Marks in this email are the final marks that will be submitted to exam board
- You will NOT receive a grade as grade boundaries are set by the exam boards when final results are published on summer results days in August

- Normally receive a mark 'out of' e.g. 54 / 90
- Subjects where there is no 'out of' mark other formats are used, e.g. Pass / Merit / Distinction
- Once you have received your marks **no** further alterations can be made to your NEA/coursework

Your NEA marks email

- You will receive one email for every subject with NEA components
- NEA dates for subjects are different so you will receive marks emails at different times
- Each email will also contain links to the below:
 - [The Fullbrook NEA review of marking policy](#)
 - [Review of marking request form](#)
 - Mark scheme for the subject
- Your email will specify the deadline to request a review of marking

Example email

Subject line: Disney Studies: Your centre assessed marks - (NEA) Non-examined Assessment / Coursework

Dear **Mickey**,

Please find below your Non-examined Assessment / coursework (NEA) marks:

Student Name: Mouse, Mickey
Candidate Number: 1234
Subject: Disney Studies
Component: MM4567: Introduction to the Magic Kingdom
Centre Assessed Mark(s): 123 / 150

Deadline for written request for review of marking: 03.04.2024

Please find below links to the following documents:

- [The Fullbrook NEA Review Policy](#)
- [Review of Marking Request Form](#)
- [Mark Scheme for the Subject](#)

Students should speak to their teacher if they need help understanding their marks.

Should you wish to make a written request for a review of your centre assessed marks, please do so by completing the linked form and emailing it to exams@fullbrook.surrey.sch.uk. Payment of £25 is required at the time of making a request. No student will be penalised due to inability to pay and, should this difficulty arise, please do not hesitate to contact me using the exams email address.

Yours sincerely,

Mrs L Seddon
Exams Officer

Fullbrook - Centre Number 64918

Understanding your marks

- Speak to your teacher if you do not understand your marks or need further information
- Students who wish to request a review of centre-assessed marks must make the request in writing using the form and submit the request by the deadline

Don't Miss the

DEADLINE!

What is a review of centre-assessed marks for?

- If you believe there may be an error with your marks
- Internal review to ensure that the candidate's mark is consistent with the standard set by the centre
- Reviewed by an assessor who has appropriate competence and no previous involvement in the assessment of the candidate
- Following submission of marks to exam boards, the external moderation process carried out awarding bodies may result in a mark change (upwards or downwards) even after an internal review
- Internal centre-assessed marks reviews are in place to ensure consistency of marking within the centre.
- External moderation by the exam boards ensures that centre marking is in line with national standards.
- The mark submitted to the exam board is subject to change and is considered provisional

If you have questions ...

- You can ask your subject teacher, year group teams, tutor, or the Exams Office (Mrs Seddon)
