

## Economics Department: Curriculum Overview 2024-25

### Curriculum Intent:

In Social Sciences, our aims are for all students

- To develop an understanding of the complexities of the society that we live in with a particular focus on understanding why and how we act and the consequences of this.
- To show tolerance and respect for others.
- To provide qualifications and skills that will prepare students for life after Fullbrook and equip them with knowledge that they will use for the rest of their life.

In Economic, our aims are for all students

- To develop a critical approach to economic models and methods of enquiry.
- To gain a good knowledge of developments in the UK economy and government policies over the last 15 years.
- To acquire competence in quantitative skills that are relevant to the subject content.
- To understand the role of evidence in economic decision making and the importance of value judgements.
